## NEW, OBJECTIVE, PRO-OBJECTIVITY NORMATIVE THEORY

DOWNLOAD

Upa. Paperback. Book Condition: New. This item is printed on demand. Paperback. 222 pages. A New, Objective, Pro-Objectivity Normative Theory tries to solve fundamental normative moral, social, political, educational, legal, etc. problems. It defends a uniquely evidence-based, objective theory. The theory argues it has one objective, primary end, and plural a-objective, secondary ends irrelevant to that end. The theory's basis permits great liberty as well as cultural, sexual, artistic, lifestyle, and much other diversity regarding secondary ends. The primary end is a general principle implying non-sexism, non-racism, types of happiness, freedom, education, sympathy, peace, democracy, altruism, flourishing, fairness, and much more. Emotions and various other subjective experiences are considered important. Part II discusses such specific practical applications at length. Part I mainly explains and defends the theory's foundation and general guidelines. One guideline prescribes applying the theory's rationally-critical approach to the theory, stressing that fallibilism and skepticism may be appropriate regarding some suggested specifics --- but that future research can increasingly avoid problems here. This item ships from La Vergne, TN. Paperback.
