Brand New Book ***** Print on Demand *****.Are you struggling to restore a life that has been devastated by the effects of Lyme disease or other mysterious syndromes such as chronic fatigue, fibromyalgia, and many autoimmune disorders? Do you feel that nobody can help you anymore? The good news is that we are not powerless. Living Well is dedicated to those people whose determination to live well, no matter what it takes, comes from deep within the self. Perhaps if more information and encouragement were available, more people would take their healing into their own hands. Ultimately, our healing consists of finding the pieces that work for us and linking them into a comprehensive whole. Those who are unhappy with conventional answers and want to go beyond them can find here a place to start. Natural methods are gentle, nontoxic, effective, inexpensive, and empowering. The methods described here are doable, effective, affordable, immune supportive, and growth enhancing. Diligently practiced natural healing can restore higher levels of energy and wellness. Connecting with our own self-healing genius is an opportunity to grow both psychically and spiritually.
