ENGINEERING IN THE ANCIENT WORLD

Little, Brown Book Group, United Kingdom, 2000. Paperback Book Condition: New. 203 x 127 mm. Language: N/A. Brand New Book ***** Print on Demand *****.This extraordinary book reveals the engineering know-how of the ancient Greeks and Romans, explores in fascinating detail how they developed and constructed their machines, and considers how the same principles are used in modern-day engineering. The achievements of the Greeks and Romans in art, culture, philosophy and war are well known, but their prowess as engineers...

Reviews

Thorough guideline! Its this kind of excellent read. This is certainly for all those who statte there was not a well worth reading. Your way of life period will probably be transform once you complete reading this book.

-- **Mrs. Alia Borer**

Without doubt, this is actually the greatest work by any writer. It is actually writer in simple terms instead of confusing. I found out this ebook from my i and dad recommended this pdf to understand.
