Brand New Book ***** Print on Demand *****.Excerpt from Report on Intra-Cranial Tumors: Their Symptomatology and Diagnosis, With Illustrative Cases I published in the American Journal of the Medical Sciences, for April, 1868, a paper on Tumors of the Brain, based on three cases under my charge the previous year, in the wards of the Good Samaritan Hospital. A brief abstract of this paper appeared in the British and Foreign Medico-Chirurgical Review, and the cases, together with a full synopsis of my commentaries on them, were translated into German and published in Schmidt s Jahrbucher, for February 1869. The attention which my former paper attracted, has encouraged me to undertake further investigations in this interesting field. Some additional cases have happened under my own observation: I have availed myself of other cases which have occurred in this city, and I have laid under contribution the clinical and pathological records of the Cincinnati Hospital. History. - John Murphy, aged 27, a native of England, and unmarried, was admitted to Cincinnati Hospital, service of Prof. Comegys, April 22, 1869. Has been a soldier and was recently discharged from service in California, most probably on Surgeon s certificate. Is a dissipated man. Denies having had syphilis. He states that he has suffered two years with more or less headache. Several months ago he consulted Prof. Hamilton, of Columbus, for defects of vision., (In answer to my inquiry Dr. Hamilton informs me that he has no recollection of the case.) About...
