PATHS TO WEALTH THROUGH COMMON STOCKS (PAPERBACK)

John Wiley and Sons Ltd, United Kingdom, 2007. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. Paths to Wealth through Common Stocks contains one original concept after another, each designed to greatly improve the results of those who self-manage their investments -- while helping those who rely on professional investment advice select the right advisor for their needs. Originally written by investment legend Philip A. Fisher in 1960, this timeless classic is now reintroduced by his well-known and respected son, successful money manager Ken Fisher, in a new Foreword. Filled with in-depth insights and expert advice, Paths to Wealth through Common Stocks expands upon the innovative ideas found in Fisher's highly regarded Common Stocks and Uncommon Profits -- summarizing how worthwhile profits have been and will continue to be made through common stock ownership, and revealing why his method can increase profits while reducing risk. Many of the ideas found here may depart from conventional investment wisdom, but the impressive results produced by these concepts -- which are still relevant in today's market environment -- will quickly remind you why Philip Fisher is considered one of the greatest investment minds of our time.
