2017-2018 IN PROPHECY: IS BIBLE PROPHECY ABOUT TO BE FULFILLED? (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Where are we at in terms of Bible Prophecy? If you are a church going person, chances are that you believe the news events unfolding are pointing to the fulfillment of many prophecies. Chip implants, destruction of the monetary system, government intrusion and control of individual lives, the all-knowing and ever listening Internet, climate changes and religious uprisings all dominate the news and our daily lives. Are all of these things pointing toward some prophesied apocalypse or is there some fundamental misunderstanding of the who, what, where and when of Scripture? Every believer and follower of Christ should give serious thought to these events and questions. The response and understanding may very well dictate how we live our lives. Is it a time for preparation or a time to ignore because God is in control and there is nothing we can do to stop it? The implications can be far reaching and have been instrumental in how many of us live our lives. Ron McRay looks at one past prediction as to events that happened in our recent past and points out how they failed to materialize from a Biblical standpoint and how they were Biblically misunderstood. Discover the importance of understanding the Bible correctly so that you can properly handle current day situations.
