By James Langston

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Okay I m Saved, Now What? is not a book of denominational etiquette. It is a benefit package to Christians of all ages; countless Sons and Daughters of the King who are eager to enter into the fullness of their inheritance in Christ Jesus. If you asked five Christians, How does one live a Christian life? you probably would receive ten different answers. The truth is, most Christians do not know or understand what Christian living entails. So, out of habit we try to fit in, or live life by a series of rules and regulations: Should I follow this doctrine, this pastor, or this leader? . Should I read the Bible, Should I pray? . Should I go to church, . Should I do this? . or Should I do that? By the time you finish this book, I hope to have at least pointed you in the right direction for those and many others questions to be answered - the Cross, and what Christ did for us there.

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
