Brand New Book ***** Print on Demand *****.Math Your Kids WANT To DoAre you tired of the daily homework drama? Do your children sigh, fidget, whine, stare out the window -- anything except work on their math? With the Math You Can Play series, your kids can practice their math skills by playing games with basic items you already have around the house, such as playing cards and dice. Addition Subtraction features 23 kid-tested games, offering a variety of challenges for elementary-age students. Your children can develop mental flexibility by playing with numbers, from basic math facts to the hundreds and beyond. Logic games build strategic thinking skills, and dice games give students hands-on experience with probability.Chapters include: Tens and Teens: Master the concept of number bonds and build a logical foundation for future math.Numbers to One Hundred: Develop mental math skills for working with larger numbers. Practice using place value, addition, and subtraction.Mixed Operations: Give mental muscles a workout with games that require number skills and logical thinking.Logic and Probability: Logic games sharpen inductive and deductive thinking skills, while games of chance...
