At the tender age of eleven, she is given to Bank Roll, who has his hand in every type of hustle, to settle a drug debt for her parents. Bank Roll is much older and once he sees how unique Lexi is, he breeds her to be his special girl, falling in love with her in the process. She loves him as well, but has him ripped away from her life too soon. While many use the molested at a young age story as an excuse, Lexi takes the cards she is dealt and learns all she can because she s a grown woman in a girl s body. Not one to settle or let life take over her, she uses the gems she has learned over the years and dabbles in everything she can, just like her mentor. A few chance meetings put her in position to use what she has to get what she needs, and while still in her teen years not only is she on top of the world, but she is also running it. Lexi knows that street smarts can get you so far, but can her Savage instincts take her where she wants to be?.
