## A HISTORY OF THE UNITED STATES OF AMERICA: PRECEDED BY A NARRATIVE OF THE DISCOVERY AND SETTLEMENT OF NORTH AMERICA AND OF THE EVENTS WHICH LED TO THE INDEPENDENCE OF THE THIRTEEN ENGLISH

Excerpt from A History of the United States of America: Preceded by a Narrative of the Discovery and Settlement of North America and of the Events Which Led to the Independence of the Thirteen English Colonies IT has seemed to me that the most desirable qualities in a text book history of the United States or, for that matter, in any history - are clearness, reasonableness, and attractiveness. I have tried to use terms which have only one meaning, to avoid involved sentences, and to state facts with precision. It is im possible in such a book to introduce no words which have not before come into the reading of an ordinary pupil; but tables of definition and pronunciation, at the head of each chapter, provide for the understanding of all novel words in the chap ter. The maps, in like manner, are kept free from confusing detail; and while they accompany and explain the text, they form a basis for that geographic treatment of history which is essential to a clear understanding of the physical conditions of human society.
