paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 129 Publisher: Beijing Institute of Technology Pub. Date :2011-08-01 version 1. Yang Jianwei compiled a mechanical parts machining training (for the second five vocational education planning materials). according to project-based teaching need to arrange teaching materials. Prepare students mainly mechanical parts process planning and operational lathe and milling machine parts skill. Book is divided into 13 training projects. The main training students to operate lathes. milling operations. the use of measuring tools. cylindrical cylinder cars. trucks face. car step surface. beveling. drilling. car hole. the vehicle cone. cone vehicle. threading. grooving. cutting. rolling flowers. cars forming surface. eccentric car parts. plane milling. groove milling and other machining basic skills. Mechanical parts machining training (for the second five vocational education planning materials). primarily for vocational college students use of Mechanical Engineering. also serves as technical schools. employment and reemployment training materials and mechanical parts in machining technology of self-learning book for beginners. Contents: project an understanding of and operation of a lathe. cA6140 lathe structure and main technical parameters of 2. Lathe lubrication and maintenance 3. Civilization 4 production and safety. The basic operation of lathe practice and understanding of the project two milling operations 1. Understanding of milling 2. Milling of the basic operation of the project three common understanding and use of a gauge. Common understanding of measuring 2. Measuring the correct use and care project four ladder shaft turning 1. Understanding of turning 2. Car end 3. Car cylindrical 4. Car step surface 5. Chamfer 6. Five sets of machining stepped shaft-type parts of the project turning 1. Drilling 2. Inside the hole 3. Cavity machining project six conical surface processing 1. Cone of the...
