

A Qualitative and Quantitative Study of Weber's Illusion: A Thesis (Classic Reprint) (Paperback)

By Mabel Ensworth Goudge

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Qualitative and Quantitative Study of Weber's Illusion: A Thesis Although the occurrence of the illusion, since vveber's time, has often been verified, and although authors have not agreed as regards his explanation of it, the illusion has never received systematic study. It seems to involve not. Only differences in sensitivity of the skin, but also perception of movement on the skin, relative localization of two moving points, and estimation of the distance between these points. We do not know whether the illusion is found on all parts of the cutaneous surface, whether a discontinuous movement would produce it, what rate of movement is most adequate for it, etc. It is, then, such a systematic study (with these suggestive problems before us) that we have undertaken. We have explored the entire bodily surface for the illusion, and we have compared our results with those of Weber. We have also undertaken a qualitative study of the various factors which condition the illusion, and a quantitative study by means of which w hoped to compare direct judgments of relative...
