

Human Nature and Enduring Peace (Classic Reprint)

By Society for the psychological study of s

Forgotten Books. Paperback. Condition: New. 492 pages. Dimensions: 9.0in. x 6.0in. x 1.1in. Though it is generally recognized that human nature in particular the human nature which develops under modern industrial societies needs to be as fully understood as possible if the control of war is to prove feasible, there have been, up to the present, only the most fragmentary efforts towards mobilizing our psychological information in reference to this problem. No single approach will ever prove adequate. Neither the historian, the economist, the sociologist, the political scientist, the psychiatrist, nor the psychologist has all the answers. The need is so great that it is felt there is a rightful place for a book stressing the many facets of the problem of human nature as it relates to war. The contributions represent many viewpoints, but all are founded upon genuine expertness and competence with reference to the specific problem treated. The editor found in fact that the field was so great, and its problems so complex, that some fifty different specialists had to be called in if the area was to be properly surveyed. His own energies have gone almost entirely into the effort to unify and integrate the contributions of..
