Virtually everything known about the facts of his life seems to belie the extraordinary genius of his plays and poems. As a result, over the past century and a half, many intelligent and perceptive people have come to the conclusion that Shakespeare was a front man' or smoke screen' for the true author of the works. Based on five years of in-depth research, Brenda James and William D Rubinstein's book The Truth Will Out unveils the most compelling candidate as the author of the greatest works in English literature. The discovery came as Brenda James was working on trying to discover the identity of the mysterious Mr W H, mentioned in the Dedication to the Sonnets. What emerged from her work amazed her. 396 pp. Englisch.
