*Certainly, this is the finest job by any publisher. I was able to comprehend almost everything out of this published ebook. You won't truly feel monotony at any moment of the time (that's what catalogues are for concerning should you question me).

POLITICS

Dover Publications Inc., United States, 2000. Paperback. Book Condition: New. New edition. 208 x 132 mm. Language: English . Brand New Book. What is the relationship of the individual to the state? What is the ideal state, and how can it bring about the most desirable life for its citizens? What sort of education should it provide? What is the purpose of amassing wealth? These are some of the questions Aristotle attempts to answer in one of the most intellectually stimulating works. Both heavily influenced by and critical of Plato's Republic and Laws, Politics represents the distillation of a lifetime of thought and observation. "Encyclopaedic knowledge has never, before or since, gone hand in hand with a logic so masculine or with speculation so profound," says H. W. C. Davis in his introduction. Students, teachers, and scholars will welcome this inexpensive new edition of the Benjamin Jowett translation, as will all readers interested in Greek thought, political theory, and depictions of the ideal state.
