Dunecadia Publishing. Paperback. Condition: New. 260 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. The Sweepers are coming. They hunt the young. The only place left to hide is underground. When the earth's core overheats and the sovereign leader vanishes, a young girl becomes the survivors' only hope. What little land is habitable is patrolled by cutthroat gangs of escaped subversives, but that's not the greatest threat facing sixteen-year-old Derry Connelly, her brother Owen, and a ragged band of Preppers holed up in a bunker in the Sawtooth Mountains. Mysterious hoverships operated by clones are targeting adolescents to extract their genes. Owen is one of the first to disappear. To save him, Derry must strike a deal with the murderous subversives, and risk a daring raid to infiltrate the heart of the extraction operation. But will the rookie leader falter when forced to choose between her brother and a clone who ignites something inside her she didn't know was possible?
