

Amphibians (Paperback)

By Christine Taylor-Butler

Scholastic, 2013. Paperback. Condition: New. Language: English . Brand New Book. From tiny, colorful tree frogs to the giant salamanders that burrow along the riverbanks of Japan, there are more than 7,000 amphibian species living on our planet today. Readers will discover how these incredible animals live double lives, spending time both on land and underwater. They will also find out how amphibians search for food and reproduce, as well as what dangers are facing these species today.
