ORDINARY ECONOMIES IN JAPAN: A HISTORICAL PERSPECTIVE, 1750-1950 (HARDBACK)

University of California Press, United States, 2009. Hardback. Condition: New. New. Language: English. Brand New Book. Tetsuo Najita explores a powerful theme in the economic thought and practice of ordinary citizens in late Tokugawa and early modern Japan. He examines commoners' writings on the virtues of commerce, the reconstruction of villages, and groups offering credit and loans, particularly the traditional cooperative, the *ko*, which citizens created to save one another in times of famine and fiscal emergency without turning...

Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.

I actually started out looking at this publication. it was actually written really perfectly and useful. Its been written in an extremely simple way and it is only soon after i finished reading through this pdf by which really modified me, change the way i really believe.

-- **Breanna Kerluke**

Most of these ebook is the best publication available. It is definitely simplistic but unexpected situations within the 50 percent of the book. You will not sense monotony at any moment of the time (that's what catalogs are for relating to in the event you request me).
