THE VENCELLO (PAPERBACK)

Susan Ellerhorst, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is the first volume of an ocean centered time travel epic trilogy. It begins and is told through the experience of three very clever species: human, orca and sperm whale. They have way more in common than all being large brained mammals! Carried along by natural mechanisms of despair, hunger and fear, from the serendipitous tragedy of a son s death to a whale s will to survive imminent extinction, they are unwittingly compelled to a joyful unexpected triumph! It includes a time traveler s perspective of the Vencello as THE ancestral event of unification, a critical cross section of time when the three species interdependence marked the emergence of multiverse cetacean/human progeny. The Vencello satisfies literary hunger for emotional as well as intellectual feasting. It is a thoughtfully prepared combination of love for family and scientific possibility set against the backdrop of multiple universes, music, and the amazing carbon 60 molecule, also known as buckminsterfullerene or buckyball. Human. Delora, Alvar, Johnny and Liam are a tragically fractured cetacean-researching family whose desire for cohesion and atonement transcends universes. Orca. Akenehi, grandmother and matriarch of her pod, possesses a rare gift of musical and acoustic genius. Her pure ability is the driver behind an unexpected solution to her family s starvation and much more! Like her songs, her love for her family is wondrously efficacious. Sperm whale. Brough and Param, Aware Masters of the Ocean, use their massive brains, deep diving ability, and fine perception of detail to solve the greatest and most urgent puzzles of their planet. They are essential catalysts for achieving expanded multiverse abilities. The Vencello s emergence is a story of a wondrous conception for this age -...
