Reviews

A brand new e book with an all new point of view. I have got read and i am sure that i am going to likely to read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Ms. Teagan Osinski III)

A POINT SCALE FOR MEASURING MENTAL ABILITY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Point Scale for Measuring Mental Ability The Point Scale, for which results are now to be presented, was avowedly a tentative and provisional group of tests. It was ready for use early in 1914, and now, approximately a year later, we see clearly the possibility of abandoning it in favor of an obviously better scale. Immediately upon the completion of the preliminary preparations a staff of examiners was organized and systematic examining was undertaken in the public schools of Cambridge, Massachusetts, as well as in the Psychopathic Hospital. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
