Not illustrated. 1882 Excerpt: .exceedingly chatty, pleasing, and entertaining volume is Mr. Henry Bacon s A Parisian Year. There are twelve chapters in all, each one devoted to a particular month, beginning with January and ending with December. It deals largely with art and the American colony in Paris, but likewise gives a spirited and interesting account of life generally in the gay capital. It is brightly written, and is highly attractive reading throughout, abounding in sketches of the prominent living French painters, and of student life in the ateliers, and has a special merit in its entire freedom from dullness. It is not a deep book; on the contrary, it only skims along the surface of the topics with which it deals; but it does this in a very graceful and animated manner, and in its frank unreserve has all the charm of a well-written letter from a clever and gossiping friend. There are many illustrations by the author, who, it may be well to add, is the well-known artist. (Roberts Bros. 16mo, \$1.50.)--Boston Gazette. THE FRESHEST NEWS.
