Survive and Thrive: Beginners Complete Guide to Off-Grid Living and Family Preparedness (Paperback)

By Jim Kilpatrick

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. When people speak of self-sufficiency or living off-the-grid, one often starts to think of an isolated, stone-age like lifestyle devoid of creature comforts. And while making the transition to completely self-sufficient living can seem daunting for sure, with the right plan and enough preparation it doesn't have to be as difficult as you think. You don't even have to say goodbye to things like indoor plumbing. Survive and Thrive is a thorough, step by step guide towards self-sufficiency and living off the grid that covers each of the five categories of things that are necessary for successful off-the-grid living: land, housing, electricity, water, and food. This remarkable book will teach you: How to choose the right location for your homestead: factors and features to consider when buying property. 5 steps to building an off-the-grid household and the 4 crucial qualities of a self-sufficient home 4 methods for developing food security How to manage your professional and social life from off the grid and so much more! Whether it's out of a desire to prepare themselves and their family for...
