Before getting into detail about the topic Work- life balance and Health Care Benefits essential form of modern life- cycle benefits the definition and the importance of those benefits should be pointed out. Life cycle benefits are defined as a part of the compensation package offered to the employees according to their part of life cycle; which means for instance to their age or their social situation. The benefits can be financial or non- financial. Today s working situation is under real pressure. There are a lot of different influences and requirements to the employer as well as to the employees due to socio- demographic, socio- cultural and economic changes. The economic power often is achieved at the expense of social and healthy work environments. Nowadays overtime work, organizational stress and lower payments are no exception. In order not to loose qualified staff firms introduce new kinds of programmes and services related to the needs of their employees. In the next two chapters family policies, health care benefits and their impact on the companies shall be pointed out. These two forms of life-cycle benefits are getting more and more importance for the Human Resource Management as it is announced in several magazines such as Personalwirtschaft . On the following pages the reader should get a review over the possibilities of internal...
