Brand New Book ***** Print on Demand *****.Make a professional commitment to developing knowledge and awareness of your students cultural differences. Multicultural Issues in School Psychology presents theoretical and empirical models that provide a framework for addressing cross-cultural concerns and introducing culturally specific services in school psychology practice. This unique book connects scientific knowledge with practical applications to address issues related to assessment, intervention, consultation, systems/community intervention, home-school partnerships, and the adoption of evidence-based interventions. The book also looks at the school psychologist's role in multicultural practice and the implications for developing culturally competent practitioners. This book provides much-needed practical guidance in theory development, research, training, policy, and practice. The book's contributors, all active participants in the effort to develop multicultural perspectives and practices in schools, address the importance of an ecological perspective, the broad and varied definitions of culture, the involvement of stakeholders in decision making, innovative approaches to data collection and intervention design, and the reconsideration of the school psychologist's role. Multicultural Issues in School Psychology examines: * a mixed-methods technique for developing culturally sound assessment tools * a...
