SIMON SCHUSTER, 2017. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Hugh Hewitt, the nearly professorial power-baron of conservative media (Bloomberg News), shares his handbook for how a united GOP government can solve problems and guarantee political success in an agenda that departs--sometimes radically--from the typical Republican orthodoxy of the last sixteen years (The Weekly Standard). In this practical manifesto, Hugh Hewitt argues that Trump s presidency provides a unique opportunity for a new conservatism that absorbs most of the traditional Reagan agenda--free markets and strong defense--while adding an emphasis on improvements in infrastructure and modernized delivery. From defense to immigration, from entitlements to health care, Hewitt outlines how a Fourth Way can bring us out of the gridlock and the destructive showdowns that have marked the past quarter century of American politics. With concrete examples, Hewitt shows how to take advantage of the Republican majorities in the House and the Senate to enact this bold new conservative agenda so that voters can see and, crucially, feel the change by November 2018. The world would be a better place if President Trump, Vice President Pence, House Speaker Ryan, and Senate Majority Leader McConnell read Hugh Hewitt s new book (National Review).
