Book Venture Publishing LLC, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Human nature is changing. The last forty years of modern day living has corrupted our inherent caveman makeup and caused an evolutionary shift within us all. How we, as a society, have unconsciously created this situation and how this has manipulated our very core, is what is examined in the Energy Dynamic series of books. How we can start to reclaim our own individual meaning and purpose and to begin to create a contented and peaceful society by starting our own personal revolution, is illustrated in this Part 2. The I in the Storm shows the four different ways people have adapted to fit into and cope with modern day demands and is examined in detail. Giving everyone the knowledge they need to understand their mind, find their inner strength and how to change negative energy into an opportunity to create contentment, this simple but alchemic guide is an essential tool for survival. It's like a kind of mechanical magic . Retired teacher. I've just read the book from cover to cover. Brilliant . GP Doctor. I am starting to remember the me that I was before things got difficult. It's a good feeling. Jayne, ex heroin addict. Knowing about the mind kept me sane during the worst times. Recovered teenage self-harmer.
