Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is intended to bring back the lost way of time-keeping. Staying beyond religions yet using the holy gems of each one's knowledge, has enabled finding an universal pattern of natural time-keeping, as intended by the Creator. Once the process learned, one can easily see where today's main religions have gone astray, as well as the already traditional Gregorian Calendar. Also, the reader can learn on their own the uniqueness of the Holy Scriptures and their precise continuum from one revelation to another. Whoever wants to learn to measure time naturally, this is the book to have and study. All it requires is an open mind and the ability to let go of what you think you know. There is more to the world as you know it. Peace, and Praise be to the Absolute Intelligence. Grateful, Rinon Hoxha.
