Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. An enchanting portrayal of rural and urban northern India along the banks of her holiest river, stretching from the Bay of Bengal up into the Himalayas. The pilgrimage took seven months. Dennison Berwick writes, I wanted to make a great walk, to set off with no prospect of ending for months. I wanted to see the land that had fired the British imagination for generations. I wanted to travel at the pace of rural India, where four out of five Indians live, and to walk in the footsteps of the peasants. And why the Ganga? I was searching for answers to one question: How could a river also be a goddess? For millions of Hindus, the river Ganga is the physical expression of the goddess Ganga; bathing in her waters is both spiritual ritual and necessary ablution. We have learned so well in the West to separate sacred from secular that the very notion of their being indivisible, like the Ganga, seems absurd. However, the Native Indians of Canada have a saving. Never judge a man until you ve walked a mile in his moccasins, and this was something I took literally. I was determined to wear village clothes, eat local foods, adopt local customs for washing and toilet and as much as possible speak the language. I felt that meeting India s people and walking through her villages and beside her most sacred river was the only way to learn about the country. Perhaps then, I thought, I might begin to understand something of the relationship between the Ganga and her devotees and might find answers to my question.
