Reviews

The best publication i actually study. It is probably the most awesome ebook i actually have study. You are going to like the way the article writer publish this publication.

(Ms. Harmony Simonis I)

OUR SOUTHERN NATION: ITS ORIGIN AND FUTURE

American Anglican Press. Paperback. Condition: New. 112 pages. Dimensions: 8.4in. x 5.8in. x 0.7in. Our Southern Nation: Its Origin and Future explores the place of the Southern people in their broader civilisational context from the perspective of the Southern nationalist tradition itself. It interprets from a pro-Southern perspective the best of present academic scholarship documenting the spread of classical civilisational patterns through an intercontinental network across the South Atlantic and into North America and tells the story of the appearance in the American South of the upper-most arm of a multinational plantation-based society centred around the West Indies and stretching southward to Brazil. Our Southern Nation looks deeply at the question of how these roots outside of the Anglo-American tradition produced a unique nation in that portion of North America known as Dixie, and the fundamental connections between these non-American origins and the distinctive cultural, religious and political traits that have become a part of what makes Southerners a particular people in the ethnic sense. It further examines how international cultural connections accompanied with one-time prevailing sentiments regarding Southern identity led to the vision of the centrality of a West Indies-based societal sphere in the vision of The Golden Circle within Southern politics during the nineteenth century. In conclusion, it presents a picture of how through embracing its own classical inheritance and political visions which have been passed down within the Southern tradition, contemporary Southern nationalism is poised to move the Southern people to an entirely different place in relation to the other nations of the world than the one it occupies now: Our Southern Nation contains a positive vision of a future in which the South is once again a free and thriving power in the Western world. This item ships from multiple locations. Your book may arrive from...
