## ARE WE SMART ENOUGH HOW SMART ANIMALS ARE?

Norton & Company Mai 2018, 2018. Taschenbuch. Condition: Neu. Neuware - It has been stated often that only humans make tools, deceive and plan far into the future - these exceptions have helped us define ourselves as the planets pre-eminent species. But in recent decades, these beliefs have been eroded by advances in the field of animal cognition. A growing body of evidence uncovered through the experimental techniques of behaviourism and the longitudinal study of named individuals from Japanese primatology,...
