Excerpt from The Three Eras of Ottoman History: A Political Essay of the Late Reforms of Turkey, Considered Principally as Affecting Her Position in the Event of a War Taking Place AT 9. Time when the military resources of several European states have so recently been tested by sudden and extensive movements of troops, whether revolutionary, defensive, 01 auxiliary, and when the estimation of their respective aggran disement or decay, during an almost uninterrupted peace of the third of a century, has of late been verified or refuted in the minds of political observers, it may not appear inoppor tune to offer to them some elucidation of the actual strength and means of defence possessed by a nation which of all others has undergone the most notable changes in the lapse of the last thirty years, and which, among the great powers, is not the least likely to engross the attention of Europe by a war for the protection of its territory, or in the vindication of its indepen dence. The footing on which the Ottoman Empire could thus enter the lists as a belligerent party, to repel foreign aggression, involves considerations of universal importance and paramount interest to the cabinets and countries which might be affected by the destinies of Turkey. To some the forces of the Sultan furnish matter for careful computation, as being capable of. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
