Pigeon Park Press, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Halloween 2016. It is eight days until the American people vote for the 45th President of the United States and millions are struck with horror at the prospect of Donald J Trump - businessman, reality TV star and professional wrestler - getting his hands on the oval office. However, few of those people know that Nostradamus had foreseen both Trump s presidency and the British exit from the EU spelling the end of the world as we know it. Jeremy Clovenhoof and Michael Michaels - the earthly incarnations of Satan and the Archangel Michael - have read the prophecies and must do their utmost to stop them coming true (because Clovenhoof can t let the world end until he s seen the latest series of Game of Thrones). As Michael heads to Europe to undo Brexit through the power of song, Clovenhoof flies to the US to stop Trump becoming president by whatever means are necessary. If you want a searing indictment of global politics and intelligent analysis of the greatest historical events of our time, go somewhere else. But if you want rampaging elephants, naked continental types, drone-mounted chickens, accidental neo-Nazis, LSD-spiked brownies, the Large Hadron Collider and the vengeful spirit of the Statue of Liberty then this slice of hellish fun might be just what you need.
