When software engineer Dr. Irina Glasov's top secret project is compromised, Irina has no one she can trust and only one place to turn. Canadian Security Intelligence Services officer Kale Martin is ready to step up to the plate. Finished with his latest assignment, he's all-in to help the reserved but very sexy Dr. Glasov find her man. Getting the brilliant doctor to let down her guard long enough for things to heat up between them quickly becomes a game Kale plays to win. Irina's not foolish enough to trust her heart to a man who lies for a living, and she knows he's been lying to her. That doesn't mean she's not willing to play along. Unfortunately, a cyberstalker is playing with her, too. Irina soon has no choice but to put all her faith in Kale, because with a higher priority case unfolding for CSIS, he's left on his own to investigate. Can they work together to figure out who's hacking into her computer before her reputation is ruined? Or is Kale the one who will ruin her? Genre: Contemporary romance, Romantic suspense Length: 234 pages Heat level: Contains explicit love scenes Book Two in the Spy Games series.
