Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The definitive Trilogy compilation, including the two companion prequels Children of the Moon and Citizens of Mars. With prolonged spaceflight becoming a reality through the hydrogen engine and the ample water supply found in the belts of Jupiter, the human race has expanded into the solar system. But as slowly markets for transported goods skyrocket, the ones now living on the new frontier, the largest space station orbiting Jupiter's moon Tethys, find themselves between the strict Earth rulership and a renegade invasion. Foothold of Tethys: Something drifted overhead, the sunlight irregularly reflecting off the oddly shaped object. There were no indication lights or thrust burn as signs of life. It just hovered as it passed over and caught some more sun to make its misshapen form more visible, nothing more than a heap of scrap metal. Lena suddenly felt sick, as if a stone had been dropped into the pit of her stomach, but she swallowed and forced back the bile as her head spun. With the painful memories returning rapidly, her barely conscious mind sternly commanded her to keep moving, while secretly she longed for that desperate dive to try to save this unknown man. Father! a young girl inside her head screamed again and again in a continuing echo, as she saw her arm stretch out in a feeble attempt to catch the seemingly small and fragile ship in her hand to keep it safe. Children of the Moon: As the Sun just rose over the horizon, the Moon just turning into another day, the light slowly dimmed the sight of Earth which was always just about stationary in the sky. The Earth was beautiful at night, just...
