Read Books, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The area around the Indian mountain Nanda Devi is wild and isolated. This is a fascinating insight to the men who explored this region long before GPS and satellite photography, the men who climbed mountains with maps and theodolites in hand. Eric Shipton was one of a band of famous climbers and here presented is the lecture he gave on his return. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
