Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Anthropological Papers of the American Museum of Natural History, Vol. 7: Part I, the Social Life of the Blackfoot Indians The names of Blackfoot bands are not animal terms but characterizations in no wise different from tribal names. Those of the Assiniboine, Gros Ventre, Arapaho, Cheyenne, and teton-dakota are, so far as reported, essentially of the same class. It seems then that the name system for these bands is the same among these neighboring tribes of the area and that it is an integral part of the whole system of nomenclature for groups of individuals. This may be of no particular significance, yet it is difficult to see in it the ear marks of a broken-down clan organization; it looks for all the world like an economic or physical grouping of a growing population.
