Reviews

Unquestionably, this is actually the very best job by any article writer. I have read and that i am certain that i am going to planning to go through once again once more in the foreseeable future. I realized this publication from my i and dad advised this pdf to find out.

SLOUCHING TOWARDS BETHLEHEM (PAPERBACK)

DOWNLOAD

HarperCollins Publishers, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Classic literary journalism which defined, for many, the state of America during the upheaval of the Sixties Revolution It was not a country in open revolution. It was not a country under enemy siege. It was the United States of America in the cold late spring of 1967, and the market was steady and the GNP high and a great many articulate people seemed to have a sense of high social purpose and it might have been a spring of brave hopes and national promise, but it was not. So physically small, so temperamentally unobtrusive, and so neurotically inarticulate that people tended to forget that her presence ran counter to their best interests, Joan Didion slipped herself into the heart of the Sixties Revolution, only to slip out again with this savage masterpiece, which, since first publication in 1968, has been acknowledged as an unparalleled report on the state of America during those curious days. Now that some of the posturing and pronouncements of those times are being recycled, Didion's sobering reflections are timely once again: the future always looks good in the golden land, because no one remembers the past.
