

Production Records: How the Factory Keeps Account of the Elements Entering Into Production; Being the Fifth Unit of a Course in Modern Production Methods (Classic Reprint) (Paperback)

Filesize: 3.68 MB

Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% of the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest PDF for ever.
(Dr. Anya McKenzie)

PRODUCTION RECORDS: HOW THE FACTORY KEEPS ACCOUNT OF THE ELEMENTS ENTERING INTO PRODUCTION; BEING THE FIFTH UNIT OF A COURSE IN MODERN PRODUCTION METHODS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Production Records: How the Factory Keeps Account of the Elements Entering Into Production; Being the Fifth Unit of a Course in Modern Production Methods Successful production rests upon accurate and timely knowledge of all the factors that enter into production. No longer is it possible for the man who merely guesses that this is so, or thinks that that is so, to compete with the man who knows. It is no longer possible or feasible for any one executive or group of executives - to carry in his head the detailed facts on which production control is based. Therefore recourse is had to written records. Records constitute one of the most important tools of modern industry, useful alike to the worker in the ranks, the foreman who directs the work, and the higher management who are responsible for final results. Each industry may have its own detailed record systems arranged to facilitate and make certain the proper control of its operations, but there are fundamental principles on which all good records must rest, and there are applications of the principles to plant needs that have become almost universal. The purpose of this Unit is to make clear these principles and their application as they are exemplified in modern industry. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
