Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Caudatus Anglicus: A Medieval Slander The renowned Coke upon Littleton quotes approvingly the brocard that antiquity did nothing without sound reason. It is a proposition no truer than a great many other utterances of proverbial wisdom. Our forefathers did and thought a great many very unreasonable things. The popular creed has always been well stocked with such inheritances of ignorance and myth. Sometimes it is possible to trace the origin of superstitions and misconceptions; oftener, hid in the depths of a far off time, they set at naught the most determined efforts of research. But although the quest after a positive solution may fail, there is always a gain to knowledge in the collection and grouping of a mass of facts of which the inner significance is but partially understood. In this spirit I approach the strange mediaeval reproach which so often gratified Frenchmen and Scots desirous of poking ill-natured fun at their common hereditary foe. There can be no doubt whatever that for centuries Englishmen felt it as a very real and aggravating reproach, a sore thorn in the flesh. Its utter and obvious untruth by no means robbed it of its smart. Malice never galls more deeply than when its shafts are barbed with ridicule. The very absurdity of the thing makes it impossible to argue it away, but the irritation it excites is not a whit less keen on that account.
