By Thomas Sowell

Yale University Press. Paperback. Book Condition: new. BRAND NEW, Affirmative Action Around the World: An Empirical Study, Thomas Sowell, In this important book, an eminent authority presents a new perspective on affirmative action, investigating its actual consequences in the United States and in other countries where it has been in effect. With characteristic lucidity, erudition, and depth, Sowell examines the true effects of affirmative action around the globe. This book is compelling, important, mind-opening." --Amy Chua, author of World on Fire: How Exporting Free Market Democracy Breeds Ethnic Hatred and Global Instability "A masterpiece that deserves to be one of the most influential books of our time. Any honest reader will be informed and enlightened."--Donald Kagan,...
