A NEW FRONTIER - EXPLORING OUR SECRET SENSES (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Born out of one woman s fascinating life experiences, a New Frontier explores the hidden senses intrinsic to all life on Earth-senses that are often called paranormal, ESP, supernatural or psychic. Author Pauline McNair s experiences highlight how these senses are, and have always been, part of the survival strategy of human beings, even when we refuse to acknowledge their existence. Such experiences are natural; there is no supernatural. In describing how we can use and encourage these senses-telepathy, thought transference, dreams, and precognition-and most of all how we affect each other mentally, emotionally and physically, even after death, McNair points the way to a possible new frontier in our understanding of life after death and human evolution.
