World-famous, award-winning professional photographer and writer Rick Sammon, author of 25 books and host of 2 television programs, shares his favorite creative enhancements for turning "straight" digital pictures into more creative and imaginative images. With this book you will become not only a well-rounded photographer but also a self-motivated artist in the powerful age of digital imaging. Rick begins the book with advice on seeing creatively and outlines his winning artistic process to help you learn to visualize the end-result before taking a picture. He then turns to the technical aspects of taking photographs, including his philosophy of using features like Camera Raw in Photoshop and how it is a must to obtain the best possible images. Step-by-step lessons follow, each showing how Rick transforms his digital photographs into compelling images. Detailed screenshots of the process accompany Rick's stunning photography and amusing anecdotes of photo shoots from around the world. 202 pp. English.
