Reviews

This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).

SUSTAINABLE ABUNDANCE FOR ALL (HARDBACK)

Wipf Stock Publishers, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. What constitutes the good life and authentic Christian leadership in a high-speed technological society geared to perpetual economic growth? In a world of rapid change and heightened risks, how do we move beyond the tyranny of emergency and polarization toward a politics of engagement and time oriented to the long-term common good? Taking up key themes in the social teaching of Popes Benedict XVI and Francis, Sustainable Abundance for All argues that life in a risky, runaway world requires new forms of Christian praxis that are both forward-looking and rooted in tradition. Among the issues addressed are pathways toward sustainable development in the Anthropocene, automation and the transition to post-jobs society, the proactionary-precautionary debate over new technologies, and the dangers of becoming people of the device. Sustainable Abundance for All lays the groundwork for new kinds of Christian social action and prophetic witness in the twenty-first century. Sustainable Abundance for All is Christian social ethics at its best. At this anxious moment, accelerating technological achievements come with possibly catastrophic risks--to the natural world, social structures, and even the human spirit. Ted Nunez explores the evolving wisdom of the Catholic social tradition on these matters, then leads that tradition, and his readers, out onto the contemporary cultural dance floor in search of new partners, and ultimately, a more passionately loving dance with our world. --Daniel Cowdin, Salve Regina University Keenly aware of past influences that prompted technological development, the present fast-paced growth of technologies that have put the Earth community at risk, and projected large-scale catastrophes in the future, Nunez superbly analyzes Catholic social teaching from 1891 onward for its adequacy in addressing technological development and insightfully crafts an innovative faith-based approach for...
