Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Pageant of Cape Cod The chief musical motif of the Pageant, the motif of the Life Saver, sounds clear and strong from the full orchestra, - proclaiming the power that conserves all life. As this is still ringing over the waters, there follows in the orchestra the sound of the open sea surging over the world. From one side sweep forward a mass of Ocean Waves, young men and women clad in the colors Of the deep sea water, surging across the Open in successive tidal movements. Then there comes to meet them another mass of waves, the Waters Of the Bay, clad in the lighter colors of the more Shallow coastal waters. The two groups in tidal motion surge up toward each other. As they meet they toss their white scarves into the air like the Spray and the foam of Splashing waves. The tides recede and come together again and again with the surf Splash and the clash of the meeting waves in the dances and in the music.
