NEW YORK CITY POLITICS: GOVERNING GOTHAM

[DOWNLOAD](#)

Rutgers University Press. Paperback. Book Condition: New. This item is printed on demand. Paperback. 352 pages. A first-rate study of New York City's complex politics, with careful attention to interesting battles--such as the fight for an Olympic Stadium in Manhattan and the effort to redevelop Atlantic Yards in Brooklyn--and to important themes--such as the changing patterns of immigration and ethnic diversity and the conflicting interests among the city's many business organizations. -Jameson W. Doig, Princeton University This study is essential reading for students and scholars who want to understand New York City politics--its structure and decision-making process. -Jewel Bellush, professor emerita, Hunter College, CUNY Most experts consider economic development to be the dominant factor influencing urban politics. They point to the importance of the finance and real estate industries, the need to improve the tax base, and the push to create jobs. Bruce F. Berg maintains that there are three forces which are equally important in New York City politics: Economic development. The city's relationships with the state and the federal governments, which influence taxation, revenue, and public policy responsibilities. New York City's racial and ethnic diversity, resulting in calls for representation, recognition, and equity in the delivery of services. Berg's focus is on all three forces, as well as the interplay among them. Along the way, Berg covers a range of topics, including the Dinkins, Giuliani, and Bloomberg administrations; the battles over sports arenas; party politics; rising immigrant groups and the role of their leaders; changes to the city's charter; and New York City politics in the post-9/11 era. An engaging look at the complex nature of urban politics, this book is the only one of its kind to offer a comprehensive narrative of the challenges, frustrations, and successes of New York's governing institutions, and their prospects for meeting...
