

Photonuclear Reaction Data, 1973 (Classic Reprint) (Paperback)

By E G Fuller

Forgotten Books, 2017. Paperback. Condition: New. Annotated edition. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Photonuclear Reaction Data, 1973 A brief summary is given of the available data on the gross features of the photonuclear giant resonance. Data are presented in tabular form for all nuclei where measurements have been made. In addition, a comprehensive, annotated data index and bibliography are given which cover experimental data for the field of photonuclear reactions published in scientific and technical journals in the period from 1955 through 1972. Organized by element and isotope, each entry in the index is for a specific reaction reported in a given reference. Information is given on the type of measurement, excitation energies studied, source type and energies, detector type and angular ranges covered for each reaction entry. Key words: Bibliography; data index; data summary; elements; isotopes; nuclear physics; photonuclear giant resonance; photonuclear reaction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged...
