This FMI, Chemical, Biological, Radiological, Nuclear, and High Yield Explosives Operational Headquarters, provides doctrine for operations of the chemical, biological, radiological, nuclear, and high yield explosives (CBRNE) operational headquarters. FMI 3-90.10 is intended to facilitate the operations and training requirements of the CBRNE operational headquarters as they organize, prepare for, and conduct operations. Its interim format will evolve into an official FM after lessons learned from training and operational experiences are incorporated into future Army doctrine. This manual is organized into six chapters and seven appendixes to provide additional detail on selected topics. A brief description of the chapters and appendixes is provided: Chapter 1 examines the operational environment (OE) and the nuances that apply to the CBRNE operational headquarters. Chapter 2 provides a description of the CBRNE operational headquarters, its subordinate elements, and key augmentation that will typically support the headquarters. Chapter 3 lays the foundations and framework combating weapons of mass destruction (WMD) across the spectrum of conflict and in support of full spectrum operations. Chapter 4 discusses weapons of mass destruction elimination (WMD-E) operations that are the...
