Forgotten Books, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Patriotic History of the United States and Its People: From Their Earliest Records, to the Present Time; In Twelve Volumes The young people are supposed to learn History at School, and there the small, inaccurate, one-volume text-book at best is only a mere outline, a bare Skeleton of dry facts, about as inviting to the youthful imagination as the directory of a distant city. Dates and events are learned and recited till a requisite examination can be passed for promotion. But History learned in this way is a drudge, an irksome task for most pupils, and is largely forgotten almost as soon as the text - book is laid aside. A thorough knowledge of our History can be acquired only by developing a genuine interest in it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
