As the sole author, illustrator and publisher of my own indie manga series, people often ask me how I achieve my prodigious productivity and motivation. I outlined my process in this new book. Every other book on writer s block gives you the same old techniques, such as just start writing. But what they don t tell you is how those techniques work—that is, if they work at all. In How To Break Writer s Block Today Where To Get leas, I provide a solution that works instantly, every time, and explains how it works. By balancing philosophical and theoretical explorations of the creativity, this book is filled with hard, practical actions to jump-start your creative instinct and start writing right now.
