

Daydreams in the Wind: Collectible Open Sports Cars of the Sixties (Paperback)

By Floyd M Orr

Niafs Press, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Daydreams in the Wind may be the ultimate fact book for fans of sporting convertibles from the classic 1955-75 era. A few models up through 1990 have been included, specifically depending upon their history within the U.S. market. The direct bloodlines of the models have been followed as appropriate. Some models began well before 1955 and others had barely been born in time to be included. All the cars in the book are legally considered antiques in most states. The extensive bibliography represents a massive degree of referenced data. With over 300 BW photos with detailed captions and over a hundred tables of figures the eccentric author refers to as charts, you will return to the pages of this book for reference again and again. The familiar historical perspective of the special period sandwiched between World War II and the establishment of the Environmental Protection Agency by President Nixon has been repeatedly published. Servicemen returned from Europe with excitement inspired by fast motoring in the open air in their spindly MG sports cars-- yada, yada, yada. It all came crashing down, no...

Reviews

This publication will be worth purchasing. This is for all those who statted there was not a worthy of reading through. I discovered this publication from my dad and i suggested this pdf to find out.

-- **Macey Cummerata**

This is the best book i have read until now. It can be filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.
